

Rebate Application

Program Overview

Eligibility

The EnergySmart Grocer Program ("Program") is restricted to grocery stores, convenience stores, and supermarkets operating in Puget Sound Energy's service area. Electric customers are eligible for rebates for electric efficiency measures. Gas customers are eligible for rebates for gas efficiency measures.

Before making any upgrades to your store please call or email the Program at 800-230-9420 or energysmartonline@cleareresult.com to schedule a pre-inspection.

The Program will document your store's pre-existing conditions, calculate project savings, explain Equipment Terms and Conditions to you and your contractor, and assist in qualifying your project for rebates. Please note there may be ways to achieve project energy savings that are not defined in the Program's terms and conditions. If you have a proposal that doesn't meet the exact Equipment Terms and Conditions, but you believe offers the same or greater energy savings, please contact the Program at the number above.
